Celebrating Caregivers

“One person caring about another person represents life’s greatest value.” -Jim Rohn

Ceca Foundation (pronounced See'-ka) is a 501(c)3 nonprofit that partners with healthcare communities to **recognize and reward** caregivers who go above and beyond in providing exceptional care.

As either a stand-alone program or in conjunction with other employee recognition programs, we help organizations foster a powerful sense of teamwork and community through proven methodologies, state-of-the-art technology, and a user-friendly platform **tailored to hospitals, hospice, and behavioral health facilities.**

Ceca believes **all employees** in a healthcare community are caregivers, and all staff members in your organization would be eligible for recognition in your monthly or quarterly award program. Ceca strives to recognize **specific, high-touch acts of care** that have a **direct and positive impact on patients.** Your patients and their families may also participate, and will applaud your caregivers when publicly recognized.

Ceca’s program offers an array of institutional benefits – lower staff turnover, improved safety and quality of care, and increased patient satisfaction scores.

Ceca Healthcare Partners enjoy the following benefits:

➤ **Staff-wide engagement and recognition.**

Our unique platform encourages all employees to participate. In addition to the monthly or quarterly Ceca Award Honoree who receive a monetary award, another 25-30% of staff are nominated and publicly recognized over the year.

➤ **Reinforcement of your organization’s objectives.**

Performance metrics support higher employee engagement, improved Net Promoter Scores, and better retention of key staff, increasing teamwork and cohesion for your community.

➤ **Turnkey, independent, and not-for-profit.**

Ceca operates the program and underwrites most funding requirements. The program package includes Ceca’s proprietary software platform, program marketing and operations support, and monetary awards for honorees. This promotes maintenance of employee engagement and recognition efforts, and frees-up your resources for other priorities.
